## Lions Hear Lewis Announce For House Seat

State Representative Tom Lewis announced Wednesday in the Belle Glade Lions Club that he will run for reelection to his District 30 seat in the upcoming election.

The appearance before the Lions was the third Lewis made. Wednesday, Lewis told the club he had a return ticket to this year's House of Representatives.

Lewis appeared before the Chamber of State Officers at Lake Park and the Delray Beach Civic Club in Delray Beach during the past year in the frequent appearances

**TOM LEWIS TO RUN**

...he tells local Lion Club.

One of Lewis' major promises to voters in the Glades was that he would run for office two years away from the last time he appeared in the Glades area. When the election was not in session, he would meet with new constituents who were moving into the area.

Living up to that promise, Lewis is one of the most active speakers offered in the Glades.

Lewis terminated the most visits during the first two years he expects to be in the Glades.

## Water--Water Everywhere!!

Heavy rains earlier this week should prove to be a blessing to local farmers according to County Agricultural Agent John Causey.

C.R. Wilcoxson reported a total of 3.40 inches of rain Tuesday to total 4.29 inches since Sunday at the Agricultural Research and Education Center just east of town.

John said the west's rains brought the total for the month up to 10.01 inches, "a little over half an inch more than the 9.4 inch 50-year average."

"Of course," he said, "we were behind for the year by 6.58 inches."

According to the Florida Conservancy District Manager Fred John, the rain got heavier the further west measurements were taken.

Compared to the half inch Belle Glade received Monday and the 2.5 inches received Tuesday, he said an measurement station south of Clewiston received 4.96 inches Monday and 4.12 inches Tuesday.

At Rardin Park, however, there was only .41 inches Monday and .27 inches Tuesday. John said it was raining again Wednesday morning in Clewiston but local skies were fairly dry.

John agreed with Causey's analysis the rains proved beneficial to area farmers.

Causey said the sugar cane should be helped by the rain and warm weather. "It's really been growing lately," he said.

He said the only other crops in the ground are sugar seed beds, which need large amounts of water to germinate the seeds.

"They usually flood the sugar seed beds anyway," Causey said, "or at least bring the water up the beds."

"I don't think the extra rain will prove to be a hardship at all," he said. "I think it's a blessing."

## 1,500 More Entries

Mrs. Rhonda Stokes of US27 south of South Bay was the second weekly winner of the Belle Glade Herald's Walt Disney World contest. Mrs. Stokes is shown above receiving an electric coffee percolator from Carl Scott, manager of W.T. Grant's. More

than 1,500 people entered the contest this week, bringing the total to a bit more than 3,200 entries the first two weeks of the contest. The grand prize for this week's contest is a trip valued at more than \$400 to Walt Disney World, which includes room and board at the Royal Inn just outside the attraction.

## City Voters Required To Register with County

Registration to vote in the 1974 Belle Glade city election will be a whole new ball game according to City Clerk Vern Jones of the Palm Beach County Supervisor of Elections office in Winchester.

He said he has not received any information although the election, conservation, utility and general purpose commissioners had been informed previously.

"But when a constituent comes in and says, 'I want to register,' I may have to make every effort to correct that problem or at least make the name satisfy a residency requirement."

The city election falls on Sept. 10, the same day as the county and state wide first primaries. Mr. Jones, who will be in office the last day to register voters in either election will be July 27.

There will be no registration to register at the Glades County Office Building, according to Mr. Winchester, but not at the Belle Glade Police and South Bay.

Mrs. Jones said a total of approximately 3,200 voters are registered to vote in the city election which is headed by the at-large seats of Commissioner John Grady and Ralph Kirk.

For the first time in four

years, the city will be casting a new vote for a city commission since Dr. George and he will not be seeking re-election this year.

Candidates looking for the two seats will be able to register at the polls on July 12 through Aug. 21.

To qualify as a candidate, a person must be a registered voter in the city and be a bona fide city citizen and announce his dependency and qualifications on the date he qualifies.

There was some confusion over the final date to register to vote in the election. Mrs. Jones used the date Aug. 9 in the 1974 election calendar she had the last date to register to vote in either election will be July 27.

Mr. Winchester said the closing date is now set by state law as 45 days before the election and would be July 27. The new law, he added, in the Glades would be open to voter registration all day July 27, a Saturday, to make last-minute registrations.

As an extra effort, Mrs. Winchester said a mobile unit will be appearing at the Glades Police station to register voters at that time but she said no definite date has been set for that yet.

Winchester said the city election will be held on Sept. 10, the same day as the county and state wide first primaries.

**Scouts Learn Animal Care**

Mrs. Suzie Warrick of the Palm Beach County Animal Control Authority provided one of the last presentations during a four-day camp for boy scouts and girl scouts. Mrs. Warrick

gave a talk on the care of pets and the reasons for Animal Control. Gladys Scouting District Executive Earl Hartman said the program began June 17 and wound up June 20.

**Library News**

**FOLLOW THE READER**

**PURPOSE:** To stimulate the minds and hearts of children so that they may understand and explore the many worlds of reading and ideas that come to them. It includes their experience, but that are captured and recorded in a variety of media in our library. To introduce children to all types of literature while trying to widen their reading interests.

**TIME:** Beginning June 18th will be a planned activity for children, Monday, Tuesday and Thursday at 2:00 p.m. through July 25th.

**PARTICIPANTS:** All elementary school age children are invited to attend. Younger children may also take part in all activities if supervised by an adult.

**REGISTRATION:** Registration began June 18 and will continue until July 18. When a child registers he or she will receive a reading record to be displayed at the library for the duration of the reading program and a special bookmark.

For the reading of one book the children will receive a "Follow the Reader" button. A reading certificate showing that he or she has participated in the 1974 summer reading program will be given to each registered child on July 25.

June 18th will be the opening of the 1974 Summer Reading Program at the Belle Glade Municipal Library, Miss Dennis Ruth, reading teacher, dressed in a long pink and white striped peasant gown presented the program.

The Red Hand, the mascot of the United Methodist Church of Belle Glade and his talkative "friend" J.J. were special guests.

Miss Ruth gave "J.J." and the children some basic geographical information to help them with the program of "Follow the Reader Around the World." Approximately 35 children attended the program.

The children will register and choose books under the ten foot tall totem pole. The afternoon ended with the serving of light refreshments.

There is an old saying, To see the world, look behind you in your own back yard.

The children participating in the Belle Glade Municipal Library's summer reading program did just that on June 20, as they began to follow the reader around the world by traveling through the Americas via motion pictures.

The children visited Yel-

lowstone, Domestic, The Grand Canyon, the National Monument and Arizona's Ca-

yon de Chelly. The highlight of the show was the actual volcano in Hawaii. As of

Thursday (June 20) 60 boys

and girls, 10 to 14, have registered to follow the reader around the world.

Registration will remain open until July 16th.

A complete schedule for the summer reading program included:

June 27, Songfest; July 2, Film: Monkeys, Land and the People; Lower 48; Sea-thru; Crumpler;

Rosie's Walk; July 8, Film:

Police Academy; and on

July 16, Film: Austria

and the Lipizzaner Horses;

July 23, Film: Reptiles and Amphibians; July

23, Film: The Lorax; and July

26, Puppet Show: Blueberry

Sal.

**Deadline Set for Adult  
Class Registration**

July 5 will be the last night to register for the summer term of the Adult and Community Education programs in the Glades according to Mrs. Mary Young.

Young said students can register for only two classes during the summer term, with each class meeting two nights a week.

Registration for the classes has been going on since June 15 and will begin July 5. The term and Area 5.

Classes will be offered in such areas as developmental reading, Spanish, the mass media, science and biology.

consumer economics, health, leadership training, sewing and embroidery.

Other subjects will include: Americanism vs. Communism, American history, math, typewriting, driver education, art and calligraphy.

A continuous program in summer recreation and health is being offered in two locations at the Lake Shore Junior High School gymnasium, the Glades Central gym and Old Hickory Community, as well as the Pahokee gym.

Part of the program includes karate classes at the three schools.

## GLADES CHURCH NEWS

THE HERALD WELCOMES NEWS ITEMS FROM YOUR CHURCH EACH WEEK. CALL 596-2056 NOT LATER THAN TUESDAY NOON FOR PUBLICATION THURSDAY.

## Cooperation Is the Key

COOPERATION IS NEEDED TO GET JOB DONE  
...Mrs. Effie C. Greal tells the Willing Workers here.

"It doesn't take a lot of people to get a job done. It takes cooperation," a high school girl told members of a church auxiliary.

Mrs. Effie C. Greal, auxiliary principal of Glades Central High School, addressed members of the Willing Workers Club of St. John First Baptist Church of Belle Glade last Friday. The occasion was their 10th anniversary celebration.

"Humility," said Mrs. Greal, "is the first of the Heavenly virtues. We must be aware of having too high opinions of our views.

Humility is putting down pride.

Mrs. Greal repeatedly admonished the group of 10

people, who took an oath of rededication to support church activities, to not be swayed by the possibility of public ridicule.

"Sometimes we get so engrossed in our living the program of the church," she said. "We forget that the church has to exist."

"Being a leader means passing up pleasure when there is no one else to come your way, the next thing you do is put your faith in God," Mrs. Greal added.

"Prayer has a key of changing things," she added.

Also featured on the program was a solo by church pastor Rev. J.B. Adams.

**PRAYER:** Heavenly Father, we thank You for help as we offer prayers in the name of Jesus, who often prayed to You and taught us to pray.

**THOUGHT FOR THE DAY:** Through Prayer for help we find help. Try it and See!

Program 183R, June 30, 1974

**BEING A WOMAN ISN'T A BURDEN**

When we go beyond a robbing view of identity and life, man's spiritual nature as God's beloved child comes into view.

## THE UNEXPECTED

What if you looked out your window and saw an elephant standing in your back yard? Would you think you'd been transported to Africa—or that the zoo had lost a boarder?

Situations just as bizarre and unexpected can happen anywhere, anytime, to anyone. When they happen to you, are you able to cope with them?

Merely attending church isn't going to solve all your problems. But it will help build a base that teaches you how to take the unexpected in stride. And life, when you get down to it, is in itself unexpected.

Start going to church next Sunday.

In appreciation of the sponsorship of this page,  
we would urge all church-going people to patronize the firms listed below

An investment in Your Future  
**ATTEND CHURCH**

By R.E. Grahams,  
Manager, West Palm  
South Beauty Oil

Do America's young people know the world is money's worth from security? Will they be money's worth in the future? Answer these questions.

Try to think of security as a large insurance plan covering entire American population. In any large group it's the potential individual cost for one reason or another that gets the money even though the group whole.

For example, if you automobile insurance a never had an accident probably feel secure.

**Wes**  
(Continued from Pa

Movable objects on boats, docks, and outdoor furniture become dangerous missiles. They should be anchored securely.

Cars should be in high ground, and small moored securely, moved or taken out of water.

Homes with large siding can with severe winds. Mobile homes not anchored to the ground.

Hurricane Cells cost half of the 9,000 mobile homes in the Corpus Christi area. They are well protected to withstand minor damage.

Weathering A Hur

Perhaps the most important protection to take in a hurricane, according to Institute, is to listen newscasts for advice authorities. A battery-operated radio is necessary of power failure.

Persons in a hurricane

## Rimes-Acree United

Miss Laura Amelia Acree and David Leroy Rimes were united in marriage May 4 at the First Baptist Church of Belle Glade by Rev. Stephen Coughlin.

Miss Acree is the daughter of Mr. and Mrs. W.H. Acree of Belle Glade. Rimes is the son of Mr. Ronald Rimes of South Bay and Ronald Rimes of Naples.

The wedding vows were spoken in a twilight ceremony with a background of palms, gold candelabras and baskets of white and spring flowers centered with a white cross in the baptismal.

The bride chose her sister as attendant, Diane as the maid of honor, Debbie as bridesmaid and Lisa as Jr. bridesmaid. They wore floor length gowns of organza over satin in green, pink and white respectively with matching headpieces which were made by Diane's mother, Mrs. W.H. Acree Sr. of Belle Glade.

They carried bridal lamer in the center of spring flowers.

Karen Acree of Moore Haven, cousin of the bride, was flower girl and wore a yellow flower girl dress. She was joined by the other attendants to walk and carried a basket of spring flowers.

Mickey Acree also of Moore Haven, cousin of the bride, was ring bearer.

The group chose Mel Spangler as maid of honor, her son, David Meeks and Huphy Acree, brother of the bride, as usher.

Miss Sharon Walls was soloist and sang "True Love Comes From God," "All My Friends," and "The Wedding Prayer." Mrs. Helen Youngblood as organist who also rendered the wedding music.

The bride was given in marriage by her father and worn in her mother's wedding gown of reembroidered satin with lace trim and a tulle, the nylon tulle yoke was appliqued with lace and pearls around the neck and was attached to a tight fitting bodice.

Lace forming long loops from the waist down skirted the full, flowing train. The sleeves extended to 18 inches on her hands. Her six-inch tiered illusion veil had a layer of lace and was attached to a Juliet cap of lace.

The bride's mother selected a peach floor length gown with matching accessories and a white cymbidium orchid corsage.

The reception was held immediately after the ceremony at the home of the bride's parents on the outdoor patio.

Mrs. Jamie Wooten of Bonita Springs was the hostess.

The three-tiered wedding cake of rainbow colors were surrounded by four individual heart cakes extended outward.

They are making their home in the new home.

Other guests were present from Fort Lauderdale, Oklawaha, Clewiston, Naples, Bonita Springs, Fort Pierce, Frostproof, Goodland, Apopka, Immokalee and New Albany, Ind.

It's under way at the

new home of Mr. and Mrs. J.A. Hartman.

The bride was the

daughter of many wife

holders for the occasion

The Belle Glade Herald, June 27, 1974, 1B

## Area Men to Direct

### First Prudential Opened on Coast

by Catheda Taylor  
Herald Staff Writer

First Prudential Bank of West Palm Beach was heralded as a "new bank for people," at a ceremony marking its official opening June 22.

First Prudential is Palm Beach County's first financial bank. It is owned by 625 shareholders, of which 60 are from the bank.

Bank operations are directed by a 14-man board of directors, including 10 blacks and four whites. Two of the board members are from Belle Glade. They are Cornelius D. Foster, manager of Progressive Finance Company and W. C. Taylor, owner of Taylor Funeral Home. Bank Director Dr. W. A. McRae, who now resides in Dania Beach, for nearly 15 years practiced here.

Area dignitaries attending the program were Mayor Duncan Pickett of Pahokee, Mayor Fred G. Bell of West Palm Beach, Palm Beach County Commissioners Lake Lytal and Robert Johnson and Palm Beach County Attorney Michael Small.

Also attending were Palm Beach County School Board members Della Hendrix and Dr. Bernard Kimmel.

A special featured guest was Capt. Edgar Mitchell, an astronaut who was the sixth man to walk on the moon.

"This is a good, strong bank," said Mitchell. "It will bring together people of all races to make a better place to live."

Former Palm Beach Post Editor Gregory Favre, who now is

news director for Channel 10 in Miami, was the featured speaker, addressing an audience of about 500 people to celebrate the bank's opening.

"Today we celebrate a dream that has happened," Favre said. "It has happened because we have continued to strip away the rhetoric and hypocrisy of yesterday's people on the belief that people are fundamentally decent."

Today, we can unite as a community a force for brotherhood that simply won't be turned back," he said. "This bank was not built to solve the problems of the moment—but to seek solutions for all seasons."

Responding to Favre's address was bank director Attorney F. M. Cunningham, who spoke of future development of black communities.

"While we've been putting our money for 30 years in other banks," he said, "it has been used to develop black communities."

"We want to develop our community. This is our bank," he said, urging community and area residents to present to support the fledgling institution.

Following the opening ceremony, the audience crowded into the bank lobby, many of which opened new accounts. Already the bank has more than 200 accounts with deposits totaling about \$350,000.

Included in those opening new accounts were 14 youngsters aged 6-16 years old from Belle Glade who signed up The Progressive Bible Class. Each opened a personal savings account.

### Sign Beautified

Members of the Belle Glade Beautification Committee gathered at the city limits on SR 80 on Friday morning to landscape the area in front of the Chamber of Commerce welcoming sign. Contributing labor were

Mrs. Sandy Roots, Mrs. Effie C. Greer, Mrs. Mary L. Watley, Dr. Robert Allen and Bill Burr. The plants were supplied by the City of Springhill Nursery. Several rocks were added to the landscaping after being brought in from the coast by truck.

### That's Rough Softball

They called it slow-pitch softball but the injuries were more reminiscent of a no-holds-barred grudge match.

Whoever heard of a team losing, not one, but two players to injuries in one game?

Bob Reddish and Millie Mazzina, that's who.

Reddish and Mazzina, are from Clewiston but they play on the Glades Sugar team in the local Men's Slowpitch Softball League, which began playing its regular season last

In one of the first games, Glades Sugar beat the OJ's, sponsored by the Belle Glade Jaycees, by nine runs in the fifth inning when Disaster will never strike.

As team co-captain Doug Williams put it later, shortstop Bob Reddish was covering second and the double play situation, "and the runner just ran over him."

The play wound up with Reddish being taken to the hospital with a broken knee.

Minutes later, with the Glades sugar team up at bat, Mazzina was down at the plate and was apparently a heard second when he put his hand under the runner's feet and ended up with two broken bones in his hand.

"They hadn't even gotten Baby in the hospital, I don't think," Williams said. "When Mike was hurt, we had to go ahead and carry him in to see the doctor. The players were

examined at the Glades General Hospital emergency room and transferred to Good Samaritan Hospital in West Palm Beach. Mazzina was still lodged on Monday, expecting a release sometime this week.

Many reported Monday night an intense car in a state of shock.

"And the team?"

"We lost by a run," Williams said. "I think the team because the Clewiston men's softball team, which is weaker, had nine lost games. Now, Bob Friday night, 'but we're playing again this Friday,' he said, and we'll be looking for revenge."

Williams said the two

pitchers from Clewiston are

good players and their loss is the team but the players were also probably affected by the loss.

He said they were playing on the team because the Clewiston men's softball team, which is weaker, had nine lost games. Now, Bob Friday night, 'but we're playing again this Friday,' he said, and we'll be looking for revenge."

"We have about seven or eight Clewiston players on our team," Williams said. "They're all good players and we're letting them play on our team."

### Heart Donation Made

More than \$1,000 worth of equipment was donated to Glades General Hospital Monday afternoon by the Heart Clinic volunteers of Palm Beach County.

On hand at the hospital to receive the donation included in

the donation was an electrocardiograph machine, a wheel chair, three stethoscopes, a sphygmomanometer, two cabinets, a typewriter and a scale.

The items were originally purchased for the new Glades Heart Clinic, which was recently phased out since Heart Clinic patients are now treated by the Health Department or private physicians.

In the past year, the Heart Association has provided equipment for the clinic, valued at \$5,000. In September \$4,500 was given them to purchase a Lowry Cardiometer, a machine used in the treatment of heart patients.

Clarke, hospital administrator, expressed his thanks to the Heart Clinic volunteers and said the equipment will be put into immediate use.

### Paul Rogers to Dedicate Pump House

The completion of the first

part of a joint venture project between Belle Glade and Lake Wales, Belle Glade and Lake Wales, was celebrated Saturday when U.S.

Congressman Paul Rogers dedicated a new pumping station south of North Bay.

The pumping station was the first project completed under Public Law 506 and is part of a fast-growing network of water control agents for the area between the Miami Canal and the North New River.

Conservation District Director Fred John said the

project, designated PBL, will be completed in 1976. During

ceremonies at 3 p.m. Saturday at the station, located just off U.S. 27 a short distance south of North Bay.

Following the ceremony, the two districts will sponsor a fish fry at the Belle Glade Municipal Marina.

John said other dignitaries invited to the observance include members of the Palm Beach County Commission, members of the two districts'

boards of directors and city commissioners from South Bay, Belle Glade and Lake Wales.

He said the public is invited to the dedication and the fish fry.

The pumping station was completed about the first of May. John said it cost \$11,000,000 per year. The pumps are expected to be water control agents for the area between the Miami Canal and the North New River.

Conservation District Director Fred John said the

project, designated PBL, will be completed in 1976. During

ceremonies at 3 p.m. Saturday at the station, located just off U.S. 27 a short distance south of North Bay.

Following the ceremony, the two districts will sponsor a fish fry at the Belle Glade Municipal Marina.

John said other dignitaries invited to the observance include members of the Palm Beach County Commission, members of the two districts'

\$140,000 and took about nine months to build, John said, and is part of an overall project expected to cost more than \$3 million and take eight to ten years to complete.

The station cost more than

\$140,000 and took about nine

The pumping station was the first project completed under

Public Law 506 and is part of a fast-growing network of water

control agents for the area between the Miami Canal and the North New River.

Conservation District Director Fred John said the

project, designated PBL, will be completed in 1976. During

ceremonies at 3 p.m. Saturday at the station, located just off U.S. 27 a short distance south of North Bay.

Following the ceremony, the two districts will sponsor a fish fry at the Belle Glade Municipal Marina.

John said other dignitaries invited to the observance include members of the Palm Beach County Commission, members of the two districts'

\$140,000 and took about nine

months to build, John said, and is part of an overall project expected to cost more than \$3 million and take eight to ten years to complete.

Following the ceremony

I don't know who foaled Mother Nature but she sure must have a grudge against the softball leagues this year.

The Women's Slow-Pitch Softball League got off to a muddy start June 17 when Mother Nature decided to let some of her "heavy dew" drop on Belle Glade and the Little League-Jayce ballparks. Since the softball field doesn't drain too well anyway, the women were slipping and sliding in mud ankle-deep.

Tuesday and Thursday nights weren't too bad so we thought there wouldn't be too much rain for awhile. But it seems Mother Nature was only getting her second wind, for she really let it loose Monday and is still at it at the time I'm writing this column.

All day Monday we kept hoping against hope the rain would stop and the clouds would keep on moving. Well, the raid did stop for awhile, and the clouds did keep moving, but the only trouble was there were more clouds where the first ones had been.

About 2 p.m. I rode out to the ballpark and the whole field was nearly underwater. In fact the first base and home plate were completely submerged. Coming on back to the house I did with several others and we decided to see how the Canal Point field was doing.

Since the field has three holes in the outfield with a ridge between them in each one, the water collected on the field must have drained down them pretty fast because word was received it was pretty dry except for a little around the holes. I knew those holes were good for something out there, I just didn't know what.

As a last second effort, Brenda Miller and I decided to drag the Belle Glade field and see if it could be used. After circling the field several times

and fighting ants who would attack us as soon as we walked on the grass, we gave up.

Later in the afternoon, it looked as if Mother Nature was going to give us a reprieve and bless us with a little sun, but she only foisted us. By the time we got out to Canal Point the clouds were all buncheted up again and the wind and rain were alternating in beating down on us.

Thereover and Ocoee were the teams playing the first game. I had to hand it to them, they don't mind getting a little muddy and wet. Of course it might be Susan Salvatore put it, "I like it, but I don't think my mom does."

The game was stopped once because of a sudden, hard downpour which only lasted a few minutes. Otherwise, the two teams played in the steady rain with no stops, except for the sudden gusts of stoppers which happened along.

Meanwhile, the members on our team and Duda's were standing around watching the paddles on the field get deeper and deeper until you could barely see homeplate. No one went in the field was going to help this time. Several of us were mumbbling-not-declaring, we didn't want to get out there and play in that stuff.

Finally, we all decided to postpone the second game until Sunday because the weather sure wasn't getting any better. And it was good we did, for just as we started to leave the downpour that lasted more than a few minutes. We had to drive home in it. But, to and from, when we got home it hadn't rained in Belle Glade. Or if it had, it couldn't have done too much because the roads were dry.

After this, I'll take more stock in that commercial "It's not nice to fool Mother Nature."

### Barbeque Benefit

Scott Meredith displays a poster for the upcoming July 4 benefit barbecue of the Junior Firemen's Association. Barbeque will be served from 11 a.m. to 7 p.m. at the Belle Glade Marina. For ticket information call 996-6082.

*Don't let your family's future be shattered by poor planning. A savings account at Everglades Federal Savings & Loan can help put the pieces back together.*

## Cumpleanos

Loly Blanchard

Nuestras felicitaciones a la linda Loly Blanchard quien el pasado día 13 de junio cumplió 5 años de edad.

Sus padres, nuestros queridos amigos los esposos Carlos y Luisita Blanchard y hermanos Loli una linda fiestecita con motivo de su cumpleaños con tema de la Raggedy Ann con tema de la muñeca.

En esta fiestecita una gran sorpresa cuando un "mag" Augusto Xavier Blanchard y sus "asistentes" Loli y Luisita Blanchard, trajeron sus actos de magia a todos los invitados.

## Aniversario

## de Bodas

Nos da muchísimo placer poder felicitar al ingeniero Alberto Torrealba y su genial esposa. Tercer aniversario de bodas el pasado día 21 de junio celebraron el 22 aniversario de casados.

Enviamos a través de esta página latinas nuestras felicitaciones a los Díez la prueba muchísimas más felices que su logro pueda seguir siendo un modelo para todos los que a ellos llegan.

## Chiquita Girl's Club Wins Honors

Members of the Chiquita Girl's Club from Belle Glade, Fla., attended the Florida Association of Girl's Clubs convention in Fort Pierce and returned bearing trophies, prizes and certificates—two of each.

The organization is one of about 50 girl clubs throughout the State of Florida which comprise the junior branch of the Florida Association of Girl's Clubs.

Club members Rhonda Grear and Carolyn Johnson were awarded trophies as first place winners in the statewide oratorical contest and competition for FAGC Queen, respectively. Sarah Grear also won first place in needle craft competition, and the Club's scrap book also received second place.

Quida Singleton, club president, and Paula Lockett, secretary received certificates of merit.

Three Chiquita Club mem-

bers were elected to serve as

FAGC officers for the ensuing

year. They are Quida Singlet-

on, vice-president; Rhonda

Grear, secretary; and Paula

Lockett, treasurer.

ANNETTE CALDWELL\* PAULA LOCKETT AND QUIDA SINGLETON display awards brought from Fort Pierce Association of Girls Convention.

Accompanying the girls on their trip to the convention were their sponsors, Mrs. Dorothy McCarty and Mrs. Ruth McLean, and Mrs. Effie C. Grear, a co-sponsor of the club, who was unable to attend.

The Club is a group of 12 girls aged 12 to 18 years who meets twice a month to discuss school and community problems and devise strategies for their solution.

The idea was to give girls something constructive and worthwhile to do in their off hours.

The Chiquita Girl's Club was organized in June, 1972.

It is believed in Wales that  
anyone who sits in a chair  
at night sitting in a certain position  
"chair" will be at dawn either

a mad man or a poet.

The Belle Glade Herald, June 27, 1974, 7B

### Pvt. Chester Day

#### Completes

#### Basic Training

U.S. Army Private Chester J. Day, son of Mr. and Mrs. Ruth McLean, 1401 S.W. Ave. in Belle Glade, completed basic combat training today at Fort Jackson, S.C.

Private Day was a member of Co. E, 2nd Bn., 1st

Infantry, 1st Inf. Div.

He enlisted in the Army

and completed high school at Lake Shore High

1969 and attending college at

Benedict College in Columbia, S.C. and Benedict College in

Tyler, Texas.

Local Woman

Included

in Survey

A local woman will participate in a sample of area households, to be included in a home survey, covering home upkeep and improvement expenditures.

Mrs. Betty Garriga will be asking questions concerning the expenditures, which amounted to \$18.8 billion in the third quarter of 1973 according to Dr. John C. Cargill, director of the Bureau of the Census Data Collection Center in Atlanta.

### Jackie

#### Winchester to be Awarded

The Palm Beach County Women's Political Council will present County Elections Supervisor Jackie Winchester with an award at 8 p.m. tonight at the Palm Beach Library at 100 Clematis St.

This award is for "Outstanding appointed or elected women who have displayed a high degree of integrity and dignity in the performance of their duties while in office."

Miss Winchester is expected to discuss matters of current interest, including the new election laws, to all Florida residents.

Elka Hall Available

on July 4th

If you've reached a deadend on your plans for celebrating the Fourth of July due to lack of transportation, don't give up yet.

The yard of the Elks Hall, located at 416 S.W. Avenue C, will be available for family picnics, outdoor parties, etc. In case of rain, the building also can be used.

"We've taken time out to give you time for nothing," said Mrs. Mary Dunkley, member of the Daughters of I.B.P.O. of W. Advance reservations are not required.

### Pillow vs Dynamite

Stuffing feather pillows is safer than manufacturing dynamite. We know these truths to be self evident. Obviously, the owner of the pillow factory will pay a premium for his Workmen's Compensation insurance. The insurance underwriter can pay more or less than his competitor because premium is not set by the individual company's safety record as well as by the industry as a whole.

Everyone is interested in reducing the cost of his insurance. One way to do it is to reduce his loss. An insurance company can materially assist him in doing this through its engineering and inspection service. It can insist that his plant be modified in perhaps the most important element in reducing his loss. One of the other benefits accrue - improved efficiency, reduction in loss of hours and the improved morale and well-being of his employees. Many insurance companies which excel in this area. Maybe we can help YOU!

This information has been brought to you as a public service by your insurance professional, the insurance agency that cares. MILTON CARPENTER, MURKIN, INC., 141 S.E. Avenue C, Belle Glade, Phone 996-7211. Associates Thomas B. Rumfelt, Dan Carpenter, associates.

It may be news  
to you, but...

...doing business with  
Florida National Banks is like  
calling out the cavalry!

Our customers get our best. All the time. We don't fool around. You get better service because we ride hard to give it to you. And you don't have to join a club to get it. So give us a try. Call out the cavalry. We'll convince you.

FLORIDA FIRST NATIONAL BANK AT BELLE GLADE

**DURALITE**

**FOR MASONRY**

Seals, protects and gives beautiful color to all masonry surfaces, such as brick, cement block, stucco and asbestos siding. DURAFLEX ACRYLIC PAINT produces a "breathing" type film which allows moisture to escape from the substrate to escape in the form of vapor while protecting the surface from water from the outside.

**... AND WOOD**

DURAFLEX ACRYLIC HOUSE PAINT flows on so easily to provide a blister-resistant low sheen finish. It dries quickly and durably, greatly reducing the chances of dust or insects settling on the surface. Whites stay white, colors stay bright; your home stays beautiful year after year.

Also available in WHITE A3-161-00 and BLACK A3-161-01. Hundreds of additional colors available in the Full-Color System.
